DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, SATURDAY, APRIL 15, 1911 NO. 265.

THE COMMITTEE MET

FRIDAY TO MAKE ARRANGEMENT FOR ANNUAL MEET.

A LARGE CROWD COMING

And Special Efforts To Be Made for Entertaining Them—Editors to Be Guests Commercial Club.

A meeting of the entertainment committee in charge of the track meet and the oratorical contest on April 28 and 29 was held Friday afternoon at the high school building to discuss plans for the entertaining of the crowds that will be here. The committee is composed of Dr. H. K. Taylor, C. A. Hawkins, Prof. Stagner, Prof. Horton, W. M. Oakerson, Prof. J. E. Cameron, Edward Williams, Harry Mutz and Prof. G. H. Colbert.

Prof. Geo. H. Colbert was elected chairman of the information bureau and will have charge of looking after places to stay for the visitors that will be in the city. The boy scouts will have their headquarters in the office of County Superintendent Oakerson in the court house. The boy scouts will have charge of meeting the incoming trains and showing the visitors to their rooms and boarding places.

The committee discussed plans for decorating and decided that the business men be requested to decorate their stores and W. A. Rickenbrode and Edward E. Williams were appointed on the committee to see the merchants in regard to decorating. A committee of ushers wil lbe elected by President Taylor and Superintendent Hawkins to handle the crowd that will attend the oratorical contest at the high school and the meet at the Normal.

The entertainment of the editors that will be guests of the city, will be in the hands of the Commercial Club. A special program will be prepared. A letter from Editor W. T. Jenkins of the Platte City Landmark says that he will attend and that the Platte City high school is going to carry off the honors of the contest and track meet. Editor E. S. Garver of the Grant City Times has also written that he will attend. It is thought that a large number of the editors will be present this year.

President Taylor has also sent invitations to members of the house and senate in this Normal district that served at Jefferson City this ear. Senator Francis M. Wilson of Platte county, the leader in the senate, will probably attend the exercises.

The oratorical contest and track meet promises to be a big success and the crowd is expected to be over 5,000 that will come from out of town. The meeting of the Northwest Teachers' Association which will be held on April 27, 28 and 29, will bring 300 teachers to the city.

CANDIDATE FOR OFFICE IN OKLAHOMA CITY

Elmer Trueblood of Oklahoma City was nominated recently as the Democratic candidate for commissioner of finance of that city. The election is to be held on May 9. Trueblood has served three terms in that official position and at the convention recently held he was renominated over his opponent by a majority of 335.

Mr. Trueblood is a son of Mr. and Mrs. W. H. Trueblood of this city and is well known here. His many friends wish that he will be re-elected.

Was Guest of Rev. Parvin.

Dr. S. P. Cresap presiding elder of the M. E. Church, South, for this district, was the guest of Rev. W. J. Parvin Friday night. He went to Wilcox Saturday morning for the regular quarterly meeting service. On Sunday he will hold service at the Centenary church west of Maryville.

Had a Good Time.

The boy scouts of the Baptist church Sunday school cleared $10 at their measuring social in the church parlors Friday night. Everybody had a good time.

Gave An Egg Roast.

Carl Wray, the son of Mr. and Mrs. Earnest Wray, living northwest of the city, entertained about thirty of his boy friends at an egg roast Saturday. His cousins, Jesse Miller Jr., and Paul Miller, of this city, and their guests, Earl Miller of Hopkins, were in attendance.

Students Served Supper.

Under the direction of Miss Elsie Liggett instructor of domestic science in the Maryville high school, two classes served supper in the domestic science room Friday evening from 5 to 7 o'clock. A delicious menu was served of potatoes on half shell, chicken croquets, cream peas in cases, lettuce sandwiches, bananas salad, mints, ginger snaps and coffee. The girls serving were: Lois Farmer, Vernie Thomas, Daisy Connor, Ruth Reuillard, Mabel Neal, Mary Foster, Katherine Carpenter, Edna Wilson, Helen Walmsley, Izora Mutz, Martha Denny and Hermonie Fisher. The supper was quite well patronized and the young ladies cleared quite a nice sum.

Mother's Circle Meeting.

The Mother's Circle met with the mothers of the Jefferson ward school at 3 o'clock Friday afternoon in the best meeting that has yet been held by the Circle. Miss Ada Albert, the principal, in response to a request of the mothers, gave them permission to meet at the school to talk over things of interest to mothers and teachers in their work together. Mrs. R. L. McDougal received the visitors, as Miss Albert and her assistant, Miss Seber Rowley, dismissed their pupils. Fully seventy-five attended the meeting, which was presided over by the Circle president, Mrs. Eugene Ogden. After a few words of welcome from the principal, "America" was sung and the Twenty-third Psalm read by Mrs. W. A. Blagg. In response to a request previously made by Superintendent C. A. Hawkins, Mrs. F. R. Anthony repeated her address on "The Children of Other Countries as I Saw Them," which she gave at the Circle meeting three weeks ago. The address brought out particularly well the beautiful courtesy and reverence the children of other countries bear toward their parents. The stories she told well illustrated her talk and proved that the children of the European countries she recently visited are the most unconscious, the most natural children in the world, because they are taught to be so from babyhood, as their parents for generations and generations before them were taught.

Mrs. Anthony was preceded by Mrs. McDougal, who read a splendid paper that was written by a member of the Mother's Circle. Superintendent Hawkins followed Mrs. Anthony in the discussion of the matter of courtesy among children and young people. He said many good things to the mothers and emphasized the fact that if the children are taught to love and practice honesty, truth, punctuality and reliability, that courtesy in manner is sure to follow.

The discussion that followed was led by Mrs. Edward McDougal.

Mr. and Mrs. Newton Wray of Pickering were city visitors Saturday.

A SPECIAL COACH

FOR USE OF MARYVILLE PARTY TO ST. JOSEPH.

MANY BUSINESS MEN

Are Going on Wednesday to That City to Be the Guest of the "Ad Club."

St. Joseph Ad Club is making great preparations for the entertainment of the Maryville Commercial Club on Wednesday, April 19, when the members of the club will be the guests of the Ad Club, at a luncheon to be held at the Robidoux hotel in that city.

Twenty of the business men of this city have already signified their intention of making the trip to St. Joseph on that day. President Nick Sturm of the Commercial Club will on Monday call on many of the merchants to urge them to go, and it is thought that at least thirty will go. Not only are members of the Commercial Club invited, but every business man in the city is requested to attend.

The purpose of the meeting at St. Joseph is to advertise the State Normal school. President Taylor, Prof. John H. Cameron of the Agricultural department and others from that institution will head the Maryville delegation.

The Burlington will probably have a special coach on the morning Burlington train on Wednesday morning for the use of the Maryville party. The following letter was received Friday by Agent W. E. Goforth of the Burlington from Division Passenger Agent J. D. Baker of St. Joseph.

"Please find out from Mr. Sturm and let me know how many of the Commercial Club members will come to St. Joseph on No. 5 on April 19th and tel lhim we are figuring on giving them a special coach for their private use, so they can smoke in it if they please. Great preparations are being made here by the Ad Club to entertain them, it being already arranged to have a band meet them at the Francis street station."

The program for the speeches to be delivered at the luncheon will be as follows:

"Our Broad Acres and What to Do With Them," by John E. Cameron.

"One for All, and All for One," by W. G. Hine of Savannah, member of the Normal board of regents.

"The Message of St. Joseph to the Country," by a St. Joseph speaker.

"The Great Factor in Our Common Welfare," by W. A. Blagg, president of the board of regents.

STATION SECURED

FOR EXPERIMENTAL WORK BY THE NORMAL SCHOOL.

TO START IN A FEW WEEKS

Deal Closed Saturday by Which the Station Will Be Located on Land West of Storm's.

The Northwest Normal is now practically assured that the Agricultural experiment station will be located here by the state agricultural department.

When Prof. Hutchison of the State Agricultural schol was here last week he selected as a site for the experiment station 24 acres located west of the Storm property and north of the Normal grounds as the best available ground for this kind of work. He said then that if that piece of ground was secured that it would practically assure the Normal of an experimental station.

C. C. Graves had a lease on the land and President Taylor and others closed a deal with Mr. Graves Saturday, by which the Normal will have the use of the land for years to come.

Plans will be made at once so as to start the station here. Maryville has been working for many months on securing it.

WANT TO BUY CLAUDE COOK

A telegram was received by the baseball management Saturday morning from the Ottumwa, Iowa, ball team asking for the lowest cash price for Claude Cook, who played on the Comets last year and who is signed up for the coming season. Cook is one of the best players in the team. The management has not taken any action, but it is thought that if they could get $600 for Cook, that they would sell him to Ottumwa. Ottumwa is a member of the Iowa State League.

Maybe it was the escaping enthusiasm of the baseball fans that caused the cyclone Wednesday and Thursday.

Missouri is teeming with presidential hopes. There's Champ Clark, Governor Folk and Governor Hadley all being groomed to stand where the lightning strikes.

Gov. Woodrow Wilson says the purpose of the Democratic party is to stand against special privileges. That about covers the case and when that is well done there is little else left to do.

Caleb Powers, the Kentucky celebrity who had the nerve to run for a seat in congress after serving a penitentiary term for complicity in the murder of Governor Goebel, does not find congressional life without its exactions and disappointments. Mr. Powers' colleagues from the state of Kentucky without regard to politics, it is said, have refused to serve with him on committee or to recognize him as a peer among them and naturally this ostracism has spread to the whole membership. As a result, Mr. Powers will have but little to do but to draw his salary and look wise.

Some of our Republican exchanges unable to use their stock editorials on Democratic discord, etc., are now abusing the majority in congress for too much unity of purpose and charging "steam roller tactics." Think of that. The disciples of Joe Cannon, talking about steam rollers. The especial complaint is found in the passage of the bill to elect United States senators by direct vote, debate and all, in one afternoon. This is a measure that has been debated for the last quarter of a century and the people last fall added the closing argument. But what is most galling to those hide bound organs is the fact that only fifteen Republican votes could be mustered against the bill.

Mr. and Mrs. I. N. Wray of Pickering arrived in Maryville Saturday morning for a few days' visit at the home of their son, Vern Wray and family of North Market street, and other relatives.

J. W. Wiles left for Kansas City Saturday for a few days' visit.

Mrs. A. J. Anderson and her daughter-in-law, Mrs. J. H. Anderson and little daughter, Orrell, of Grand avenue, returned Friday from a two days' visit with Mr. and Mrs. Henry Anderson, near Graham, in their old home neighborhood. On Thursday afternoon they attended the closing exercises of the Highland school, taught by Miss Rose Shinabargar. Fifty-four visitors were present who were delightfully entertained by a program of nearly an hour in length, given by the six pupils of that school. They gave songs, recitations, dialogs, class exercises that would have done credit to a school of twenty-five pupils. After the program a regular banquet was spread and partaken of while all enjoyed a good visit together.

Miss Shanabargar has taught the Highland school for four years and has just been re-elected. Her pupils of the past yeer were Marie Shockley, Chester Lyle, Lawrence and Arthur Charles, Ermil and Clio Coler.

HOUSE PASSES PUBLICITY BILL

Democrats Meet First Serious Trouble in Lower Body.

MINORITY NARROWLY BEATEN.

Committees Must File Statements Ten Days Before Voting—During Debate Good Says J. Pierpont Morgan Aided Democrats in Iowa.

Washington, April 15.—The Democratic party met its first serious trouble in the house of representatives. At the close of a session marked by the activity of insurgents in the Democratic ranks, by reason of which the Republicans narrowly missed scoring a triumph, the house passed the Rucker bill for publicity of campaign contributions before election.

The fight arose over the extent to which publicity should be applied. But for the vigorous and continued use of the Democratic party whip an important Republican amendment extending publicity to the individual receipts and expenses of candidates for congress, would have been retained in the bill when it finally passed.

As it was, the amendment was adopted over the protest of the Democratic leaders, by the support of fifty-two Democrats who voted with the solid Republican strength.

Get Rid of Amendment.

Resort to a parliamentary move enabled the Democrats later to get rid of the amendment, but twenty-eight of their number refused to change their attitude, and stuck with the Republicans in opposing the Democratic majority.

The Rucker bill passed finally by a unanimous vote, but only after a stormy scene. The amendment offered by Representative Jackson, a new Republican member from Kansas, required all candidates for congress to file statement of the source and use of their individual campaign funds, in both the primary and general election. The amendment met instant support from the Republican side and encountered the opposition of the Democratic leaders.

The Rucker bill, as finally passed, makes more stringent the campaign publicity law passed in 1910. That law requires publicity of funds after election. The Rucker bill will require publicity of funds by the campaign committee ten days previous to election and the filing of supplemental statements every three days thereafter until election day.

Kopp Amendment Adopted.

The Rucker bill limited publicity of campaign expenditures to sums of $100 or over, but Mr. Rucker accepted an amendment of Kopp (Rep., Wis.), requiring the publicity of all payments in sums of $10 or over for campaign purposes. Throughout the debate, Perry Belmont, president of the National Publicity Law association and a former member of the house, occupied a seat on the floor.

Representative Good (Ia.) caused a small sensation during the debate on the Rucker bill by declaring that the largest single contributor to the Democratic campaign fund in Iowa was "confidential man for J. Pierpont Morgan & Co." He said W. C. Beer, a former resident of Iowa, had made the contribution. He urged an amendment of the law that would show the true source of all contributions.

Representative Good said that Beer's contribution was made to the Democratic national committee.

Reciprocity Before House.

The Canadian reciprocity bill was formally laid before the house and after general debate, which probably will continue for three days, it will be passed. That this action will be taken is no longer a matter for speculation, as the house has indicated beyond all doubt its ability to put through its legislative program.

FIND BODY IN HOLLOW TREE

Mystery Surrounding Disappearance of Daniel Bonner Partly Cleared Up.

Tulsa, Okla., April 15.—The body of Daniel C. Bonner was found in a tree, head downward, a few miles from here, where it had been, it is believed, for the last two months.

Bonner had been shot twice in the head with a rifle of large caliber. He disappeared two months ago.

Bonner was the owner of a team and cab and was well known here. Two months ago he was engaged to take a stranger into the woods on a hunting trip. He never returned. He had no relatives here and no particular effort was made to locate him.

It is believed that Bonner was first accidentally shot by the man with whom he was hunting. There is a squirrel's nest in the top of the tree and it is supposed that Bonner climbed the tree to frighten the squirrels. It is believed that the stranger, in shooting at a squirrel, hit Bonner. Bonner fell, it is supposed, and his companion, believing he was fatally hurt, fired again to end his suffering.

It became known that Bonner's team and cab were left by a stranger with a farmer several miles from the scene of the tragedy. The man said he would call for the rig the next day, but he never came back.

The man who went hunting with Bonner has since been identified. He is a resident of Missouri, it is said, and a man of considerable wealth.

$3.50 RECIPE CURES WEAK KIDNEYS FREE.

Stops Pain in the Bladder, Kidneys Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc. and Back.

Wouldn't it be nice within a week or so to begin to say goob-bye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; luggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E Robinson, K1153 Luck building, Detroit Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay—you can use it and cure yourself at home.

Aubrey Lyle Is Better.

FIRST FEW GRAY HAIRS

MAY BE POSTPONED.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as the heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural and indicates that there is something wrong with the individual and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

CRANE KILLED IN AUTO ACCIDENT

Machine Throws Off Two Tires in Practice Test.

DRIVER'S NECK IS BROKEN.

Employee Riding With Him Is Injured—Fatal Accident Occurs During Preparation for Elm Ridge Speed Meet at Kansas City.

Kansas City, April 15.—Ned Crane, driving a Buick racing car in a practice test at Elm Ridge track here, preparatory to an attempt to be made today to establish new records, was instantly killed when his machine threw off two tires and turned over. An employee of the Buick factory, riding with Crane, was dangerously injured.

Crane's body was not mangled or crushed. The car that Crane was driving was a ninety-horsepower size and was making a fast turn on the west side of the track when the accident occurred. The front tire burst and the machine turned over three times.

Crane was thrown with great force on the hard dirt track. When he was picked up his head was doubled under his chest. A superficial examination indicated his neck was broken.

Bert Dodge a mechanician, who was riding with Crane, was also hurled from the car. He fell in the center of the track, several yards from where Crane's body landed. At first it was thought Dodge was killed, but after a few minutes he recovered consciousness. Two physicians at the race course took charge of him. It is believed his injuries are not dangerous.

Crane was the holder of three international motor car racing records. In 1910 he established a world's record for a mile on a circular, level track, making the circuit of the Pimlico course at Baltimore in 50 2-5 seconds.

200 WOMEN ESCAPE FLAMES

One Youth Burned to Death in Factory Fire at St. Louis.

St. Louis, April 15.—Fire due to an explosion, the cause of which has not been explained, endangered the lives of 200 persons, mostly women and girls, in the buildings at 17, 19 and 21 Washington avenue, lofts used principally by manufacturers of men's and women's wear. All escaped except one youth, Robert Mayer, who was found dead from burns in an enclosed stairway on the fifth floor.

A fireman, Captain Thomas Gorman, was knocked from a ladder by a falling brick and will probably die.

That more did not lose their lives is marveled at by the fire chief, who, arriving upon the scene five minutes after a general alarm was sounded, found the building belching flame and smoke from every window.

A patrolman, the first person outside the building to be apprised of the fire, climbed a fire escape and by bellowing threats and entreaties to the panic stricken men and women scrambling out upon the window ledge turned them back to the safety exits.
